Education

MSC, INTERACTION DESIGN & TECHNOLOGIES | Chalmers University of Technology **2022–2024**

- Specializing in creating engaging user experiences and develop functional digital interfaces.

EXCHANGE STUDIES | National University of Singapore **Spring term 2023**

- Took elective courses in programming, design and communication.
- Collaborated with students from diverse backgrounds while enhancing my communication skills.

BSC, INDUSTRIAL DESIGN ENGINEERING | Chalmers University of Technology **Spring term 2023**

- Developing innovative products and services with the user in focus, combined with mechanics, programming and CAD.

Work Experience

DEVELOPER & UX DESIGNER | Trade Management team at Stena Line **Oct 2024 –**

- Collaborating in a cross-functional, agile team to design and develop intuitive and user-friendly revenue management tools to support Stena Line's continued growth.
- Further enhancing my understanding of the interplay between development and design while building a solid foundation in front-end development and UX design.

MASTER THESIS INTERN | Spotfire **Jan–June 2024**

- In my master's thesis, I redesigned and enhanced the user experience of Spotfire's visual analytics platform, focusing on improving data interaction.
- This project enhanced my UX skills, particularly in micro-interactions, and strengthened my ability to effectively communicate design solutions to stakeholders

STORE MANAGER | ICA Nära Böda Sand **Summer 2019–2020**

- I led a team of 20 people, managing daily operations and implementing effective strategies to improve sales, reduce waste and enhance the customer experience.
- Developed leadership, project management and strategic thinking skills.

Other merits

- Participant of Cogigs talent program **Female Tech Engineer 2024.**
- I received a scholarship from Doctor Felix Neuberghs Foundation for studies in Singapore in 2023.
- Member of Industrial Design Engineerings Ball Committee 2022
- Member of the Industrial Design Engineerings Study Committee 2020–2021
