

LOUISA RECK

M.Sc. Interaction design & technologies

I am a 25-year-old industrial design engineering student, currently in my final year of the Interaction Design and Technologies Masters. I am passionate about creating seamless and intuitive user experiences to create innovative solutions to user needs. I thrive in collaborative environments and am always eager to learn new things. I will be graduating in June 2024 and am currently looking for new opportunities.

Work Experience

Jan 2024 -

Master Thesis | Spotfire, Gothenburg

An opportunity to apply my knowledge from my education in a real project, where I am investigating how to improve the usability of the company's visual analytics software.

Summer 2021 - 2023

Store assistant | Willys Hvitfeldtsplatsen, Göteborg

Applied and improved my organisational and communication skills to ensure the best possible customer service and experience.

Summer 2019 - 2020

Store manager | ICA Nära, Böda Sand

Overseeing daily operations, managing a team of 20 staff members, and ensuring a positive customer experience. Took great responsibility and enhanced my leadership skills.

2015 - 2019

Store assistant | ICA Supermarket, Tingsryd

Part time job as store assistant on weekends and holidays as well as during the summer. Learned the importance of punctuality, stress tolerance and good customer service.
