Received a scholarship from Doctor Felix Neuberghs foundation in spring 2023 for studies in Singapore.

# LOUISA RECK

## M.Sc. Interaction design & technologies

A 25-year-old student passionate about creating experiences and designs that are intuitive, user-friendly, and have positive impact on society. I thrive in collaborative environments, and I am always eager to learn new things. Being curious and open-minded I travelled to Australia, New Zealand and Asia before and during my studies. In my free time, I like to go to the gym, play football and spend time with family and friends.

## Education

2022 – Expected graduation 2024 June

Chalmers University of Technologies | Gothenburg

### M.Sc. Interaction design and Technologies

Master thesis for Spotfire developing design guidelines for acting on subsets of data in analytics softwares.

Jan 2023 – May 2023

National University of Singapore | Singapore

### Exchange studies

Studying courses in communication, programming, and design to enhance my skill set.

2019 – 2022

Chalmers University of Technologies | Gothenburg

### B.Sc. Industrial Design Engineering

Bachelor thesis for Product design studio Boid developing a digital physical interface to visualize household energy and challenge gender norms. Member of the Student Educational Committee 2020 – 2021.
